PERSONAL PROJECTS

Nest Mart (01/2022 - 02/2022)
- I was the Team Leader for the Nest Mart project. This application helps to order groceries online.

Book My Doctor (12/2018 - 02/2019)
- I created Book My Doctor application in my final year. This application helps to book expert doctors online, It is very helpful in real-time. The key feature of this application is you do not have to wait in a queue for an appointment; it is only a click away.

Inventory Management (05/2022 - Present)
- I have designed a web application that is useful for inventory management. In this application, you can monitor the shop's purchase and sales data.
